

INTELLIGENT AUTO-ALERT RADAR

Auto-Alert the ultimate detection system

AUTO-ALERT RADAR

- Market leading radar using FMCW Technology
- Advanced level of hazard detection and collision avoidance
 - Programmable detection patterns from 1.5m up to 25m
 - Built in direction, distance and speed sensing technology
- Suitable for multiple vehicle types including refuse, sweeper and gritters
 - Can be installed for forward or reversing detection
- Can be integrated with a CCTV camera system to provide both audible and visual warning at the same time
- Unique and unparalleled level of after sales support from our technical department and team of in house field engineers
 - Designed and manufactured in the UK
- Designed and manufactured to withstand the harshest environments
 - 3 year Warranty

REDUCE THE RISK

AUTO-STOP

RADAR

The Ultimate Ogden On Highway Auto-Braking System

- Intelligent auto-braking
 - Market leading radar using FMCW technology
- Provides an unrivalled level of hazard detection and accident avoidance
- Highly adjustable parameters to meet the most demanding requirements
 - Built-in direction and distance sensing technology
- Incorporates an override sequence which enables the driver to manoeuvre within confined areas whilst still being made aware of potential hazards
 - Suitable for multiple vehicle types including refuse, sweeper and gritters
 - Can be installed for forward or reversing detection
 - Analysis of auto-brake activations via the Brake Logic Box
 - Designed and manufactured in the UK
- Designed and manufactured to withstand the harshest environments
 - Can be linked to Ogden 360 Live camera system to log over-ride and auto braking events in real time
- 3 year Warranty

INTEGRATED SAFETY SYSTEMS

RECKLESS DRIVING

- Harsh Braking/acceleration
 - Harsh Cornering
- G-sensor based/GPS Based
 - Over speed, low-speed
 - Idle
 - CAN-bus data
- Near miss detection

FATIGUE/ DISTRACTION

- Smoking
- Yawning
- Phone call
- Eyes closed
- No Seatbelt

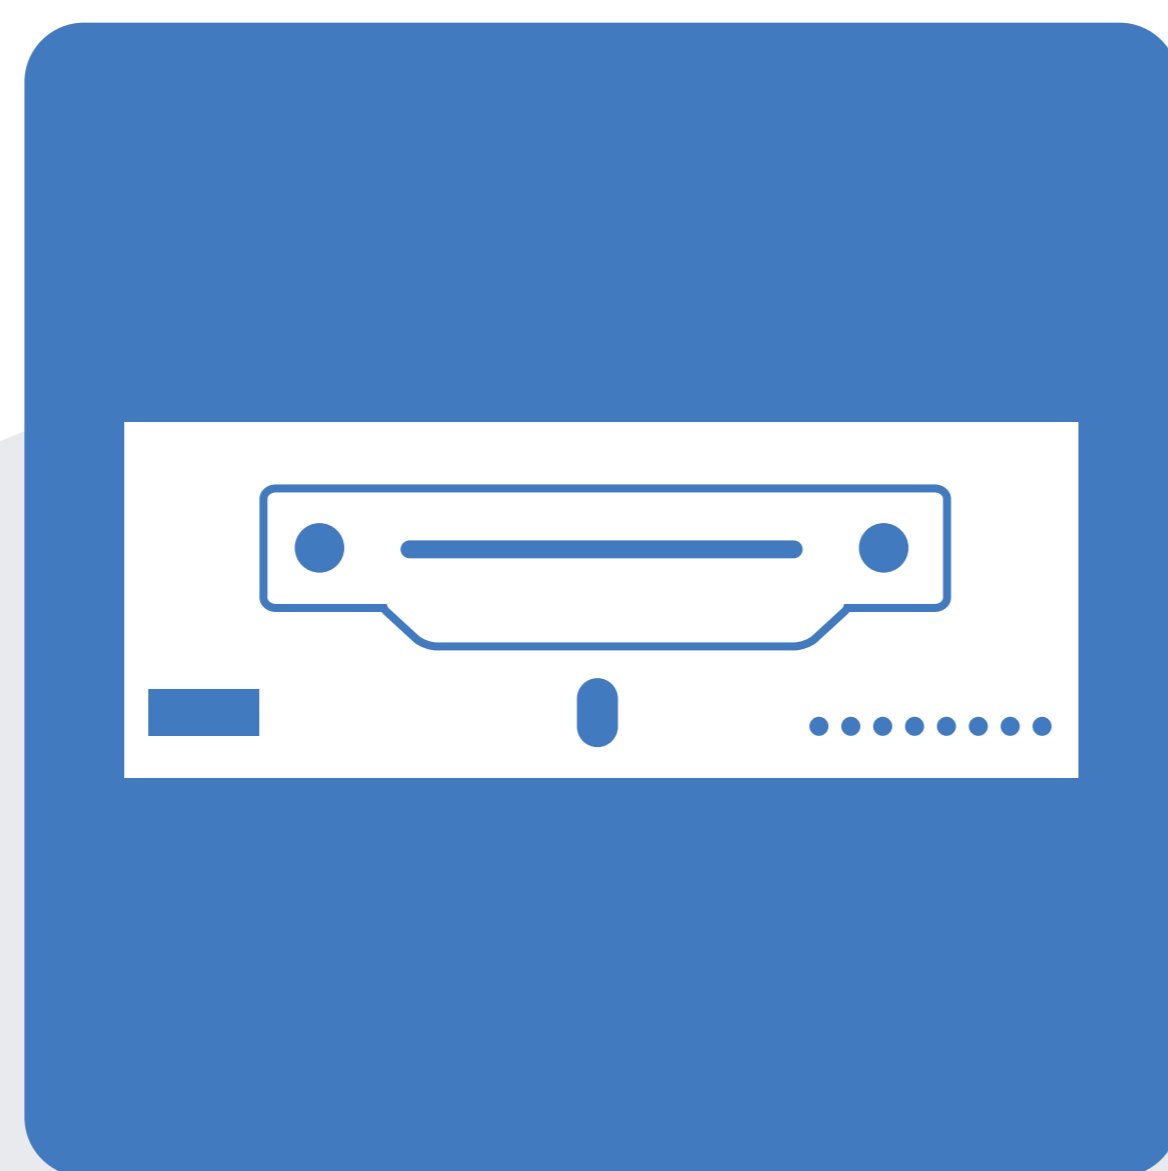

DRIVING ASSISTANCE

- Lane Departure Warning
- Pedestrian Collision Warning
- Too close Warning
- Forward Collision Warning
